Live chat is a messaging solution that your website visitors and prospective customers can use to communicate with your support agents in real time. Similar to phone and email, it is one of the communication channels commonly deployed to provide customer support.

Live chat combines the best aspects of phone and email. Your customers can engage in effective two-way communication in real time with your sales, support and other agents to get their queries and issues resolved quickly and efficiently.
The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings. The overall Customer Success ranking is a weighted average based on 3 parts:

**Content Score** is affected by:

1. Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
2. Customer reference rating score
3. Year-over-year change in amount of customer references on FeaturedCustomers platform
4. Total # of profile views on FeaturedCustomers platform
5. Total # of customer reference views on FeaturedCustomers platform

**Market Presence Score** is affected by:

1. Social media followers including LinkedIn, Twitter, & Facebook
2. Vendor momentum based on web traffic and search trends
3. Organic SEO key term rankings
4. Company presence including # of press mentions

**Company Score** is affected by:

1. Total # of employees (based on social media and public resources)
2. Year-over-year change in # of employees over past 12 months
3. Glassdoor ranking
4. Venture capital raised

---

**Customer Success Report Award Levels**

**Market Leader**
Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

**Top Performer**
Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

**Rising Star**
Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

INTERCOM
ABOUT INTERCOM

Intercom offers the world's leading business messaging platform that delivers real-time contextual communications to drive growth at every stage of the customer lifecycle. Intercom is the first to bring a real-time messaging-first experience to sales, marketing, and support teams and offers the only business messenger that powers more than chat. Its Messenger and suite of customizable toolkits are built on top of a platform that creates brilliant and personal experiences for businesses and customers. Intercom has over 30,000 customers and powers 500 million customer conversations each month.

"With Intercom, you get all the right context to solve real people’s problems. This is important if you want to treat your customers like people rather than like tickets.”

Josh Bryant
Co-Founder, Droplr

"Intercom allows us to ‘scale authenticity’ and foster a passionate community of users. By A/B testing message format and content, we see open rates above 75% for all of our onboarding emails.”

Ben Jordan
VP of Customer Experience, InVision

"I remember the moment we turned on Intercom – as the map of our customers began to populate in real time, we literally high fived! We immediately saw user behavior patterns that would’ve taken lots of engineering work to discover.”

Nick Houldsworth
Head of Marketing, Vend

"With Intercom the time it took to surface real project opportunities and receive RFPs decreased from 21 days to 3 days. We’re able to identify and engage leads faster than ever before.”

‘Drift enables sales and marketing teams to work together to convert traffic that is already on their website into qualified leads and pipeline. From the LeadBot, to the calendar integration, to Playbook templates, teams can get started with Drift quickly and see results just as fast.”
Andrew Racine
Director of Demand Generation, MongoDB

“The cost per opportunity is much less than some of the more traditional marketing channels.”
Mimi Rosenhiem
Senior Director of Digital Marketing, DemandBase

“Drift paid for itself in just two months because we used the Drift ABM Playbook. We've looked at the data of using a generic welcome message vs. a more personalized interaction and we get a 30% higher conversion rate when we tailor the experience to the visitor.”
Shannon King
Marketing Manager, Sonatype

“Drift provides a better experience for people to learn about how we can help their business and, at the same time, makes our sales team more efficient in prospecting for new customers. Our sales reps now spend more time chatting with people who are genuinely interested in our services than someone who may have just consumed some marketing…”

ABOUT LIVEPERSON

LivePerson, Inc. offers a cloud based platform that enables businesses to proactively connect in real time with customers via chat, voice, and content delivery at the right time, through the right channel, including websites, social media, and mobile devices. This "intelligent engagement" is driven by real time behavioral analytics, producing connections based on a true understanding of business objectives and customer needs.

"This year we had our first ever Live Chat Millionaire, a chat agent who was the first to personally achieve £1 million in sales via chat on our website, which was achieved in record time, 20% less time than a typical telephone agent."

John Giddings
General Manager, Contact Centres, Virgin Atlantic

"After three months, we saw our live chat volume double or triple every month."

Ross Pry
Director of Membership, Association of Certified Fraud Examiners

"We saw immense value in digital engagement; customers had the ability to both purchase a product and get the right information without leaving the digital channel."

Norm Happ
VP of Sales, Small Business Financial Solutions, Intuit

"LivePerson brings a great set of digital tools to the table that help us engage brilliantly with our customers, as well as fresh ideas and a wealth of experience, giving us a sounding board as we continue to shape and evolve our digital engagement strategy at EE."

ABOUT PODIUM

Podium helps businesses drive user-generated content in the form of online reviews to increase visibility, improve business operations, and drive purchase decisions. Podium serves 50,000+ users across nearly 10,000 local businesses and is redefining the modern relationship between businesses and customers. Headquartered in Lehi, Utah, and founded in 2014, Podium has received funding from Y Combinator as well as numerous CEOs around the Silicon Slopes.

“Web looked at other online review management tools, but no other tool had the dashboard or interface like the one Podium has. It’s intuitive, and it makes the process of requesting a review very simple, which means anyone on our staff can use it with minimal training.”

Joshua Allan
Digital Marketing Specialist, Revere Health

“Podium is driving new traffic to our door and increasing our profit from new customers.”

Evan Silbert
General Manager, Thurber Jewelers

“Podium is money well spent. It gives us an easy way for our sales staff to ask for reviews and for customers to engage with us and leave feedback. We’re getting an excellent return on our investment.”

Anthony Gilpin
Director of Digital Operations, NewRoads Automotive Group

“My staff is reporting higher levels of efficiency by using Messaging Platform, because they are not getting on the phone and having long phone calls. Now with Messaging Platform, we are able to give the customers what they want, when they want, and do it very quickly.”

"It is now easier to start talking to people. People enjoy asking questions in the chat and not on the phone. Previously, if questions arose, it required a very strong desire to ask the question because users had to write letters or make phone calls (often not for free). Live chat makes it much easier, all you need to do is to press a button."

Dmitry Odintsov
Director of Sales and Business Development, TrueConf

"It's very easy for me to recommend Zendesk to the rest of the business unit because I enjoy using it and the agents on the ground enjoy using it. It can do a whole host of things, probably ten times as much as I need it to do."

Adam Wilson
Head of Customer Relations, The O2 Arena

"Zendesk products have allowed us to deliver better support to all our clients. The agility with which we can implement new features and workflows is a key element to our success."

Dan Ross
Support Operations Manager, Lightspeed POS

"It's been a great partnership, relationship with Zendesk. We feel like we're in the loop about the product decisions that are being made. And Lisa, our success executive, is an awesome partner in crime. She's very focused on what problems we are solving as a business and then how Zendesk, and Zendesk's ecosystem, can serve us."

ABOUT LIVEAGENT

LiveAgent is a web-based live chat and helpdesk software. It covers all support channels: Email, Live Chat, Call Center, Contact forms, Feedback Forms, Knowledge Base, Social networks (Twitter and Facebook) and integrates them into one environment. It grabs your emails and transforms them into tickets for easier use. Everything is easily accessible and manageable. LiveAgent is helping companies like O2, Huawei, SolidTrustPay, Yamaha, BMW and 15000 more to provide exceptional customer support in all possible ways.

“Customer success is absolutely top priority for us at sli.do. Especially in the event industry, a few seconds can make a big difference. We analyzed most of the solutions out there and LiveAgent is by far the best. It combines excellent Live chat capabilities, ticketing and powerful automation that allow us to provide exceptional support to our customers....

Peter Komornik
Sli.do

“We’re also more inclined to give sales agents and other staff members Live Agent accounts because adding new users is very affordable. The team is also using internal tickets to better work with remote members.”

Jack Ikard
Head of Customer Service, AquaSprouts

“LiveAgent gives us more control and an overall increase in keeping everything organized. Efficient channeling of tickets and therefore more efficient resource management are important factors as well. Reporting capabilities, department feature and easy automation are a godsend to us.”

Justin Farrugia
Managing Director, Areto Systems

“We built our success on providing whole experience. It is our best effort to keep the customers satisfied. This cannot be done without brilliant helpdesk solution as our beloved LiveAgent.”

ABOUT MOXIE SOFTWARE

Today’s consumers are expected to navigate an increasingly complicated digital world. Pain points throughout the customer journey cause frustration and hesitation, ultimately leading to abandonment. goMoxie proactively guides users throughout the online journey, creating self-sufficient and self-assured customers, which leads to dramatically improved conversion rates, an increase in up-sells, reduce repeat contacts, and faster company growth. Create certainty, empower customers, and get results with goMoxie.

“Seeing our mobile traffic grow nearly 30 percent, year-over-year, with more and more of our customers shopping on tablets and mobile devices, our goal was to select an application that offered a superior mobile experience. It was also critical that the solution be easy to use and administer for our business users. Moxie provides comprehensive reporting…”

Joan King
Vice President of eCommerce, Crate and Barrel

“We recognized that the customer wants to interact with us wherever they are — whenever they like — no matter platform. We want to aggregate all those into one easy, cost-efficient call center.”

Alison Goodwin
Head of Customer Support Centres, Wolseley

“Since deploying Kbot, the company has seen the number of quotes initiated increase by over 30 percent and the number of quotes completed increase by over 70 percent. Additionally, the company has experienced an over 50 percent increase in the value of products sold when the customer is guided by Kbot.”

Large North American Insurance Company

“Four months after deploying Moxie Kbot® contextual guidance, the company saw a 50% reduction in chat volume, and a 10% reduction in phone volume, all while growing the business. The vast majority of digital engagements are now automated, and customers can still escalate to agents for more complex issues.”
ABOUT OLARK

Olark is the most beautiful and effective way to talk to your customers for sales and support. And they make it super easy for you! Solve customers’ problems before they have a chance to click away. Give them the answers they need immediately and gain powerful insights about what Olark want for relationships that last. Olark has powerful features to give you access to visitors and behaviors. Make your business (and your site) look good and keep customers coming back.

“...We highly value having direct conversations with our customers and prospects at Front. And Olark drives in a ton of them. We convert more trial signups, help customers faster, and have invaluable conversations that influence product decisions.”

Rob Carpenter
VP Marketing, Front App

“Olark quickly became an informed lead generator for our sales team! Being able to see such rich information about a visitor, like what page they’re on, has been a boon for conversions. If we took this tool away, there would be complete mutiny from the sales team.”

Katie May
Chief Executive Officer, Shipping Easy

“...Overall, it’s allowed us to deal with more customer inquiries per member of customer service staff, so there’s been an efficiency improvement, moderate but still significant for the tiny cost of implementation.”

Jane Clayton
Founder, Jane Clayton & Company

“Olark is fantastic. It has opened up a new avenue for our intake team to get help for potential clients. The more clients we can talk to, the more people we can get into treatment and help them begin their journey to recovery.”

Johannes Altmann
Owner, Shoplupe

“The first step was to give a very prominent place to our phone number on the website. We thought live chat was the logical next step to make the barrier to contact even lower and to be able to offer personal advice to more people on the website.”

Julia Fritz
Officer of Business Development, Certeo

“I was surprised by the high frequency of chats and by how the customers using it got right to the point.”

Division Manager, Volksbank Lahr
ABOUT WHOSON

WhosOn is a hosted or on-premises live chat solution that comes complete with real-time visitor tracking and analytics. WhosOn has been a leader in the live chat space for 15 years, and is a time-tested, ever-enriched solution. Today, WhosOn is the longest provider of chat in the UK and an established international brand. It is used in over 50% of the world’s countries, across six continents and in many different industries and languages.

“I would certainly recommend WhosOn to anyone who has a customer facing website, the software is functional, easy to use and can only help your business improve its customer service.”

Amy Kirk
Sales & Marketing Executive, Centerplate

"With WhosOn we were able to not only retain the same features offered by our previous supplier, but also gain additional functionality at a lower cost."

Andrew Cain
Customer Service Manager, Fylde Council

“We have gained a significant ROI from WhosOn, and as a result it features heavily across our website offering an excellent alternative to phone and email. WhosOn analytics is used throughout the business to gain valuable customer insight and to identify real-time customer conversion opportunities.”

Sarah Gallagher
Marketing Manager (Vet Products Direct & Our Pet Pharmacy), Vet Products Direct

“We have initially set up WhosOn with just the basic features, but we’ve already seen a positive impact on our capabilities as a team. Our agents can respond to customer queries without having to transfer people from department to department, and customers feel that they are getting an overall improved service. Despite live chat still being one of...
